CIRCULAR

An orientation session by the undersigned is scheduled on Monday 06.03.2023 at 09.30 AM in the Auditorium of AIMC for the students of the new final year class of AIMC.

All the professors responsible for the teaching & training of final year MBBS are requested to attend. The senior most professors of medicine, surgery, gynae & obs and paed medicine will address them about their teaching & training.

As this is the last year of their training, it is of vital importance to us that we prepare them for what is coming up. Keeping that in mind, parents of these students have been invited to join this orientation. This will give them awareness regarding what their children must do for their successful future.

Final year students are also informed and directed that there will be no lecture on the 7th and 10th of March 2023 but they will do clerkship in their allocated clinical departments from 08.00 AM onwards at JHL in addition to attending their regular scheduled wards for these days. This has been done because all the lecture theaters and auditorium is occupied for Old Final Year theory exam on the said dates.
